

A European capital renowned for its indulgent atmosphere, Amsterdam is more than just a playground of sensual pleasures. Home of Rembrandt, Van Gogh, classic architecture, and, of course, the canals, this “Venice of the North” augments its famed 17th century glory with a thriving, cosmopolitan presence in the 21st century. The city’s transportation system is as impressive as its business statistics, and Amsterdam is a dream to navigate. Compact and safe (unless you’re a pedestrian on the bike paths), the city is accessible to locals and visitors alike, who traverse the city via a superb tram system or by cycling down the many bike lanes. Amsterdam, although wet at times, boasts a pleasant climate overall and encourages cyclists and pedestrians. Plus, canals keep automobile traffic to a minimum. Reminders of Amsterdam’s rich cultural heritage can be found everywhere. The historic city center contains over 6000 historic, protected buildings, many of them narrow, ornate mansions along the canals. As expected, the city offers a wealth of excellent museums. The city, a must for any serious traveler, is a mix of old and new, traditional and modern, athletic and apathetic, serious and bizarre - much like the citizens and visitors who inhabit and frequent it.

CITY BREAK AMSTERDAM

AMSTERDAM
